Section 1: Basic Work Week

Both parties to this Agreement are committed to maintain the principle of a basic work week of forty (40) hours, but agree that additional time may be worked to permit operation or protection of the Mill when paid for as shown in Section 2 herein.

Section 2: Overtime

Overtime at the rate of time and one-half will be paid on the following basis:

(1) Day Workers

- (a) For all work performed on Sunday (8:00 a.m. Sunday to 8:00 a.m. Monday) and on holidays as specified in Article XVII of this Agreement.
- (b) For all work in excess of eight (8) hours in any one day or in excess of eight (8) consecutive straight time hours.
- (c) For work performed on an employee's designated day off as provided for in Section 3 herein.
- (d) For work in excess of forty (40) hours average per week. By average is meant the number of weeks mutually agreed upon in advance as the correct schedule.
- (e) The Company agrees that employees may carry over Sunday Letter and statutory holiday time earned when sufficient straight time hours are unavailable that week. The hours may be

carried over after the week in which they are earned provided a regular work schedule is being followed.

(2) **Tour Workers**

- (a) For all work performed on Sunday (8:00 a.m. Sunday to 8:00 a.m. Monday) and on holidays as specified in Article XVII of this Agreement.
- (b) For all work in excess of eight (8) hours in any one day or in excess of eight (8) consecutive hours except:
 - (i) when such work in excess of eight (8) hours is caused by the change of shifts,
 - (ii) overtime work by special arrangement between a Tour Worker and his mate to exchange shifts with the approval of his Supervisor, and when this can be accomplished without additional cost or penalty to the Company.
- (c) For work in excess of forty (40) hours average per week. By average is meant the number of weeks mutually agreed upon in advance as the correct schedule.
- (d) For work performed on an employee's designated day off as provided for in Section 3 herein.
- (e) The Company agrees that employees may carry over Sunday Letter and statutory holiday time earned when sufficient straight time hours are unavailable that week. The hours may be carried over after the week in which they are earned provided a regular work schedule is being followed.

In the payment of overtime on the basis provided above, the one basis which results in the payment of the largest amount of overtime shall be used.

(3) Banking of Overtime

- (i) Tour Workers who work in excess of eight (8) consecutive hours shall have the option of receiving the overtime premium on the basis of this Section or of receiving straight time for hours in excess of eight (8) consecutive hours and taking equivalent time off in units of not less than four (4) hours at the hourly rate for the job when the work was performed, at a time suitable to the employee and the Company during the contract year. Any overtime remaining at the end of the contract year in which it is banked may be carried over to the next contract year for purposes of taking equivalent time off. If equivalent time off is not taken by the end of the contract year following the contract year in which it is earned, the Company shall pay the deferred one-half premium pay. Tour Workers who choose to bank overtime may later re-elect to receive the deferred one-half premium pay.

- (ii) Day Workers who work in excess of ten (10) hours in a day shall have the option of receiving the overtime premium on the basis of this Section or of receiving straight time for hours in excess of ten (10) hours in a day and taking equivalent time off in units of not less than four (4) hours at the hourly rate for the job when the work was performed, at a time suitable to the employee and the Company during the contract year. Any overtime remaining at the end of the contract year in which it is banked may be carried over to the next contract year for purposes of taking equivalent time off. If

equivalent time off is not taken by the end of the contract year following the contract year in which it is earned, the Company shall pay the deferred one-half premium pay. Day Workers who choose to bank overtime may later re-elect to receive the deferred one-half premium pay.

- (iii) When the banked time off is requested in writing seven (7) days in advance, employees shall receive written notice of the disposition of their request a minimum of seventy-two (72) hours prior to the requested time off. The payment of overtime shall not be a factor in cancelling approved time off.

Section 3: Days Off and Schedule of Shifts

- (a) The Company will designate regular periodic days off for each regular employee and will not change such designation without notice except in the case of breakdown.

Relief employees, employed to provide relief of employees who follow regular schedules, will be scheduled when required for coverage. The Company will designate regular, periodic days off for all other employees and will not change such designation without notice except in the case of a breakdown. The Company shall use its best efforts:

- (i) to schedule days off for relief employees on a consecutive basis; and
- (ii) to provide established schedules for relief employees.

In the event the day or days off are changed to follow the original designated day or days off, then forty-eight (48) hours notice will be given in

advance of the original day or days off. In the event the day or days off are changed to precede the original designated day or days off, then forty (40) hours notice must be given in advance of the new day or days off.

When sufficient notice is not given prior to the initial day or days off, then overtime will be paid for work performed on the original day or days off.

The employees may change their day or days off by mutual arrangement with the Foreman and the Shop Steward of the department concerned without penalty to the employer.

- (b) Where a system of days off is now in effect, same shall remain in effect as long as mutually satisfactory to the Union and the Company, it being understood that this has reference to a mill system of days off and not to the individual employee's days off.
- (c) When the Company changes an employee's shift schedule after the start of the week without notification being given during the first eight (8) hours of his last shift preceding the new shift, the employee shall receive two (2) hours penalty payment at the straight time day rate for the first shift worked resulting from the change.

If the change in shifts during the week is temporary, the penalty payment is not payable for the second change in shifts when the employee returns to his previously established shift schedule.

When an employee's established shift schedule is changed, the Company will, whenever practicable, notify the employee personally of the change.

- (d) Where an employee is temporarily off work because of a shutdown of his job, department or plant of more than ten (10) days duration, the employee's regular schedule of hours per day and days per week, including his starting time and designated days off, shall, commencing with the eleventh (11th) day of such shutdown, be considered as having been suspended and shall not be in effect for the balance of said shutdown.

Call Time shall not be payable for assignments to extra work during such latter period or for assignments in connection with the resumption of operation of the job.

The ten (10) day period referred to above shall be exclusive of any recognized paid Statutory Holidays which may fall therein.

- (e) The Company will cooperate with any day worker called in after twelve midnight to ensure that this work does not preclude him working his regular eight (8) hour shift the following day. This may be accomplished by altering the hours of work to the mutual satisfaction of the employee and his supervisor. No penalty shall apply to the Company as a result of such an arrangement.

Section 4: Starting and Stopping Work

(a) **Tour Workers**

When a tour begins, each Tour Worker is required to be in his place. At the end of a shift no Tour Worker shall leave his place to wash up and dress until his mate has changed his clothes and reported to take on responsibility of the position.

If a Tour Worker does not report for his regular shift, his mate shall notify the Foreman. He shall remain at his post until a substitute is secured, and, if necessary, he shall work an extra four (4) hours. If work in excess of twelve (12) hours is required by refusal of a mate to report in, or when no other qualified relief is available, then the employee shall complete the extra shift. It is the duty of a Tour Worker to report for his regular shift, unless he has already arranged with his Foreman for a leave of absence. If unavoidably prevented from reporting, he must give notice to his Foreman, or at the office, if reasonably possible, at least four (4) hours before his tour goes on duty.

(b) **Day Workers**

Day Workers shall be at their respective posts ready to begin work at the time their pay starts and shall not quit work in advance of the time their pay stops. For example, if a Mechanic's pay time is from 8:00 a.m. to 12:00 noon, and from 1:00 p.m. to 5:00 p.m., he shall be at his post ready to work at 8:00 a.m. and 1:00 p.m. and shall not quit work until 12:00 noon and 5:00 p.m.

Section 5: Meals

(a) **Tour Workers**

A hot meal, if not declined, shall be furnished at the usual meal time by and at the expense of the Company to any Tour Worker required to work more than nine (9) consecutive hours. If he continues to work, a meal which shall be hot if practicable, shall be provided every four (4) hours thereafter. When an employee has to work one extra shift, arrangements shall be made, by the Company, to provide one meal

at the start of the shift and another meal or lunch four (4) hours later. The meal shall be eaten on Company time.

(b) **Day Workers**

Any Day Worker required to work more than one (1) hour beyond the end of his regular scheduled eight (8) hour shift, shall be furnished a hot meal at the usual meal time by and at the expense of the Company. If he continues to work, a meal which shall be hot if practicable, shall be provided every four (4) hours thereafter.

The meal may be eaten on Company time, or alternatively, the Company may allocate one-half hour and the employee eats on his own time.

(c) **All Workers**

Any employee called in for an emergency before his shift commences, without time to arrange for his normal lunch or meal, will be given meals, hot if practicable, at the usual meal hours, or as close to that time as can conveniently be arranged.

Where the employee renounces the right of recall during this period, the employee will be terminated and his/her severance allowance paid forthwith with all seniority and recall being forfeited.

ARTICLE XXV - CONTRACTING

- (a) The Company will notify the Union of their intention to have work performed by contractors in the mill and will, emergencies excepted, afford the Union the opportunity to review it with the Company prior to a final decision being made. For this purpose, a Joint Contracting Committee will be established and it will be used as a forum to discuss the Company's contracting decisions.

In keeping with a joint commitment of the Company and the Union to provide as much maintenance and repair work as possible to the regular maintenance workforce, the Committee will also meet quarterly to make recommendations regarding the utilization of the mill maintenance workforce to minimize the use of contractors, both inside and out of the mill.

- (b) The Company will not bring a contractor into the mill:
 - (i) which directly results in the layoff of employees, or
 - (ii) to do the job of employees on layoff, or
 - (iii) to do the job of a displaced employee working outside his job category.
- (c) It is not the intent of the Company to replace its regular work force through the use of contract firms.

For greater clarity it is agreed that:

- (i) The changes which provide that it is not the intent of the company to replace its regular workforce through the use of contract firms will not set aside existing external work arrangements and practices.
- (ii) Working under the flexible work practice provisions does not mean that an employee has been displaced and is working outside of his job category.

ARTICLE XXVI - APPRENTICESHIP TRAINING PROGRAM

Section 1: Training Program

It is agreed that there shall be an Apprenticeship Training Program, the provisions of which are set forth in Exhibit "D", which is attached hereto and forms part of this Agreement.

Section 2: Apprenticeship Act

ARTICLE XXVIII - SAFETY AND OCCUPATIONAL HEALTH

Section 1: Principle

Employees and the Company are to comply with established safety rules as amended by the Joint Safety Committees from time to time. Employees will not be expected to operate with unsafe equipment or under unsafe working conditions. Employees are expected to report immediately any unsafe equipment. An employee who has reasonable cause to believe that an unsafe condition exists may refuse to work under such conditions without being subject to discipline.

Section 2: Joint Safety Committee

- (a) The Union and the Company shall cooperate in selecting one or more Safety Committees, which will meet at least once a month to consider all safety and occupational health problems.
- (b) The local Joint Safety Committee shall consist of equal representation from Company and Union. This

Committee shall meet at least once a month to consider all safety and occupational health problems.

Section 3: Safety Education

The Union undertakes to promote safety and occupational health education among its members in an effort to overcome accidents and occupational health problems.

The Company undertakes to promote safety and occupational health education among all its employees in an effort to overcome accidents and occupational health problems.

Section 4: Joint Labour/Management Safety Conference

- (1) A Joint Labour / Management Safety Conference of two (2) days will be held annually.
- (2) It shall be the basic principle of this Conference to assist the delegates in the development of an effective safety program through the promotion and implementation of best practices for an effective safety program in each mill.
- (3) To accomplish the implementation of an effective safety program in the mill, each Local Union shall have two (2) delegates in attendance at the safety conference. The two (2) delegates shall be compensated by their respective employer for any loss of wages. Travel and hotel expenses of the delegates shall not be paid by their respective employers.
- (4) A senior management representative shall attend the conference. Senior company officials and representatives of WorkSafe BC will be encouraged to attend. Additional delegates of either labour or

- (5) The agenda shall address issues that will promote occupational health and safety in their respective workplaces. Agenda items shall be submitted to the respective representative no later than November 30th prior to the conference.
- (6) The Planning Committee shall initially meet no later than one hundred and eighty (180) days prior to the established date of the conference and then schedule follow up meetings in accordance as required by the planning committee.
- (7) The Planning Committee shall be comprised of the following members:
 - a) One (1) CEP Local Union member
 - b) One (1) PPWC Local Union member
 - c) One (1) CEP representative from the Regional Office
 - d) One (1) PPWC representative from the National Office
 - e) One (1) Employer representative from the employer group
 - f) One (1) Industry representative
 - g) One (1) Conference Facilitator
- (8) The Occupational Health and Safety Conference shall be funded on the basis of an industry contribution of three cents (\$.03) per employee per hour worked into a Jointly Trusteed Occupational Health and Safety Conference Fund.

The funding shall provide that when the monies in the Joint Trusteed Occupational Health and Safety Conference Fund reach Two Hundred Thousand Dollars (\$200,000.00), the funding will be discontinued

until the fund has been reduced to Fifty Thousand Dollars (\$50,000.00).

The Jointly Trusteed Fund will be used for the payment of wage loss for Local Union planning committee attendees and conference expenses.

- (9) One-half (1/2) day of the Safety Conference shall be set aside for open discussion on safety problems; the rest shall be pre-planned by the Planning Committee with emphasis on industry-wide problems.

ARTICLE XXIX - ENVIRONMENTAL PROTECTION

If the Union requests, a Joint Environmental Protection Committee will be established at the mill.

The purpose of the Committee will be to receive information, review problem areas, and make appropriate suggestions regarding compliance including challenges related to climate change.

ARTICLE XXX - DISCIPLINARY ACTION

The Company has the right to discipline or discharge employees for just and reasonable cause.

The disciplinary record of an employee, including letters of reprimand or warnings, shall not be used against him at any time after twelve (12) months.

In cases involving suspension, the disciplinary notice will remain on the employee's file for twenty-four (24) months and not used after that period provided no other discipline has occurred during that time.

The presence of a Union Shop Steward is mandatory at any meeting during which the employee is disciplined.

ARTICLE XXXI - ADJUSTMENT OF COMPLAINTS

It is mutually desired and intended by the parties that any dispute, complaint or grievance arising out of the interpretation of this agreement will be communicated by the employee to his supervisor in order to provide an opportunity for discussion and timely resolution, prior to the issue becoming a written grievance.

If an employee is not satisfied with the resolution offered by their immediate supervisor they may then initiate a grievance.

Section 1: Grievance Procedure

Step One - In the event that a written grievance is submitted arising out of the operation of this Agreement, except the cases of discharge or suspension, the employee shall continue to work as per the conditions existing prior to the time that the grievance arose, and any formal meeting to discuss the grievance shall be held in the presence of the shop steward.

Step Two - If there is no satisfactory resolution at first step then the Union may within seven (7) days, advise the department supervisor that the employee intends to proceed with the grievance. The department superintendent and chief shop steward will then have fourteen (14) days from the date of notification to deal with, and answer the grievance. Grievances other than those of individual employees may be initiated at Step Three by either party.

Step Three - If there is no satisfactory resolution at second step then either party may, within seven (7) days, refer the question to the Standing Committees by advising the chairmen of the Standing Committees of the intention to proceed with the grievance. The Standing Committee will then have thirty (30) days to deal with, and answer the grievance.

Step Four - If there is no satisfactory resolution at third step then the question may, within seven (7) days upon written request of either Standing Committee be referred to the President of the Local and the Pulpmill General Manager will then have thirty (30) days to deal with, and answer the grievance. Either party may elect to involve outside help at this step such as regional Union representation and/or a Management representative from outside of Northwood.

Step Five - If there is no satisfactory resolution at fourth step then the matter may, within thirty (30) days, be referred to an Arbitrator.

The time periods may be extended by mutual agreement by Management and the Local Union.

Where a grievance arising from the discharge of an employee progresses to arbitration, either party may elect, in writing, to utilize the procedure outlined in Section (5) below as an alternative to the arbitration procedure set out in Section (4).

Section 2: National Officer

It is understood that in all discussions concerning grievances, any National Officer may accompany the Union Standing Committee in their meetings and the National Officer may call upon members of the Union Standing Committee or any other employee to accompany them in their meetings with Company officials.

Section 3: Time Limit

- (a) In the event a grievance has not advanced to the next step within the time limit set forth in Section 1, then the grievance shall be deemed to be abandoned and all rights of recourse to the Adjustment of Complaints under this Agreement in respect of this grievance shall be at an end.
- (b) The time limit between steps may be extended by mutual consent.

Section 4: Arbitration Procedure

- (a) The Company and the Union will endeavour to agree upon the selection of the Arbitrator. In the event the Company and the Union are unable to agree upon the selection of the Arbitrator, they will apply, within the thirty (30) day period, to have the Arbitrator appointed under the provisions of Section 86 of the Labour Relations Code of British Columbia.
- (b) After the Arbitrator has been chosen he shall meet and hear evidence of both sides and render a decision within fifteen (15) days after he has concluded his hearings, said decision to be final and binding upon all parties to this Agreement.
- (c) The parties shall bear in equal portions the fees and expenses of the Arbitrator and rental of any premises used for the hearing.
- (d) The Arbitrator shall be restricted to interpreting and applying the provisions of this Agreement and shall have no authority to alter, modify, subtract from or supplement them in any way.
- (e) In the case of discharge or suspension which the Arbitrator has determined to have been unjust the

Arbitrator shall order the reinstatement of the employee and shall award him back pay. In the case of back pay, should there be any doubt in the opinion of the Arbitrator, the Arbitrator may order all or part back pay as he deems fit.

Section 5: Expedited Arbitration

- (a) A panel of six (6) Arbitrators, each of whom shall be appointed for a two (2) year term, shall be selected by mutual agreement of the Employer and the Communications, Energy & Paperworkers Union on behalf of its local unions. Grievances processed under this section shall be assigned to the Arbitrators on a rotational basis.
- (b) An Arbitrator must meet and hear the evidence of both parties within fifteen (15) days after assignment. If an Arbitrator is unable to commit himself to do so, the grievance shall immediately be assigned to the next Arbitrator in order of rotation.
- (c) The unavailability of counsel shall not be a reason to delay an arbitration under this section.
- (d) The parties will endeavour to agree on a statement of material facts which may be submitted to the Arbitrator in advance of the hearing.
- (e) The Arbitrator will give his decision and his written reasons within one week after the hearing. The reasons need not accompany the decision. Neither the decision nor the reasons will form precedent.
- (f) The provisions of Sections 4(b), (c), (d) and (e) as it applies to discharge, shall apply to this section.

ARTICLE XXXII - FLEXIBLE WORK PRACTICES

Flexible work practices will be implemented consistent with the Letter of Understanding attached to this agreement.

ARTICLE XXXIII - DURATION AND AMENDING PROCEDURE

Section 1: Term of Agreement

This Agreement shall be in effect from midnight April 30, 2012 to midnight April 30, 2017, and thereafter from year to year subject to the conditions as set out in Sections 2 to 5 which follow hereunder.

Section 2: Labour Relations Code

The parties agree that the operation of Section 50(2) of the Labour Relations Code of British Columbia is hereby excluded.

Section 3: Notice of Re-opening

This Agreement may be opened for collective bargaining as to changes as follows: either party desiring any change shall mail to the other party notice in writing, by registered mail, on or after January 1, 2017 but in any event no later than midnight April 30, 2017, that a change is desired, and, if no such notice is given by either party on or after the said January 1 and before the said April 30, the earliest time at which such notice may be given by either party is the corresponding period in the following year.

All notices given under the provisions herein on behalf of the Union shall be given by the Union (or its representative) and similarly notices on behalf of the Company shall be given by

the President of the Company (or his representative).

Section 4: Collective Bargaining

If notice of desire for changes has been given in accordance with Section 3 above, the parties shall, as soon as agreeable to the parties following such date of notice, meet for collective bargaining, the Company being represented in such negotiations by a Bargaining Committee appointed by the Company, and the Union being represented by a Bargaining Committee selected by said Union. Any agreement on changes arrived at and approved in such negotiations shall be binding upon the parties to this Agreement. If such negotiations cannot be completed prior to the May 1 following the date on which such notice was given, any changes in compensation to employees shall nevertheless be retroactive to the said May 1.

Section 5: Termination

In case negotiations conducted in accordance with Section 4 above break down, either party may terminate this Agreement upon the expiration of ten (10) days notice in writing mailed by registered mail to the other party.

IN WITNESS WHEREOF, we, the undersigned have hereunto set our signatures.

Only in the Administrative Committee is vested the power to amend, add to, or subtract from, the Plan. Ratification of improvements will be by such method as determined by each party to the plan.

Any decision to submit a job to the Joint Job Evaluation Board for evaluation must be unanimously agreed upon by all members of the Plant Evaluation Committee representing both the Company and the Union.
 - b) to make investigations of jobs to be submitted for evaluation, prepare job descriptions, arrange schedule of interviews required, determine and arrange for the attendance of those job representatives who desire to be present at the explanation of the evaluation computations, as provided in Section 4(d) and to assist in pointing out factual and pertinent information relative to

the job to the Joint Job Evaluation Board at the time of evaluation.

4. General Policies

- (a) The evaluated job rate arrived at through official evaluation by the Joint Job Evaluation Board will be final and binding upon both parties to the Labour Agreement unless review has been requested as provided in Section 3(a)(ii)(c) or 3(a)(ii)(g). In case of such review the decision of the Job Evaluation Directors or, where appropriate the Independent Review Officer shall be final and binding upon both parties. Where a number of appeals indicate a problem within a job field, the Director shall refer such problems to the Administrative Committee for final determination.

- (b) Where an official evaluation indicates an upward adjustment in the rate for a job the adjustment will be retroactive to the date agreed upon by the Plant Evaluation Committee which is entered on, and a part of, the application for evaluation provided for in Section 3(c)(ii)(a) setting forth the duties of the Plant Evaluation Committee.

- (c) Where a new job has been created, the Plant Evaluation Committee of the mill will make application to the Joint Job Evaluation Board for a temporary rate for the new job. An evaluated rate will be established by the Job Evaluation Board before a period of twelve (12) months has expired following the start of the new job except in those cases where a specific request is made by the Plant Evaluation Committee to the Job Evaluation Directors to retain the temporary rate beyond twelve (12) months, and the request is approved by the Directors. - (f) Members of the Plant Evaluation Committee or other employees in the mill who are relieved from their jobs during working hours to assist in carrying out the functions of the Job Evaluation Plan or to receive training therein will be paid by the Company at their regular job rates for the time lost during their regular shifts, thereby preventing any loss in regular income. Time put in on evaluation work outside the employee's regular shift will not be paid for by the Company.

- (g) When a survey or Job Field Study is authorized by the Directors, a projected completion date will be established. The completion date will also be used as a guide in determining the date for implementation of changes that result from the study.

Employees who are under 60 years of age will have their future benefits recalculated by applying the contractual wage increases that were applied in each year, during the period of their disability, to their long term disability benefit. The benefit will be recalculated using the greater of their existing long term disability benefit or a recalculation using the base rate that is in place on that date.

The recalculated weekly benefit when combined with all other disability income to which the disabled employee is receiving will not exceed 80% of 40 hours multiplied by the regular wage rate in effect at the date of disability.

3. Elimination Period

Benefits commence after the employee has been totally and continuously disabled for fifty-two (52) weeks or has exhausted his weekly indemnity benefits whichever occurs last.

(See 1946 Transcript, page 80 and page 159). This policy has been re-adopted at subsequent Labour Conferences.

The Statements of Policy contained in this booklet have been reworded for the sake of brevity and clarity, and have been agreed to by both Union and Company representatives. They are intended as a supplemental guide in the interpretation of the contract on the points which they cover.

STATEMENTS OF POLICY

ARTICLE II - DEFINITIONS

(a) **Definition of "Supervision"**. (Memorandum of Agreement dated January 30, 1958)

Employees and employers recognize that supervisors are excluded from the provisions of the B.C. Standard Labour Agreement and accordingly it is improper for supervisors normally to do the kind of work which is done by those defined as employees in the Agreement.

It is also recognized that for the practical and efficient operation of the mills there are occasions when a supervisor must help. Such occasions must be temporary in nature and must not result in the displacement or exclusion of employees under the Agreement.

(b) **Definition of "Him"**. (Page 98, 1946 Transcript)

Wherever the word "him" appears in the contract it will be taken as referring to a male or female employee as the case may be.

(c) **Definition of "Engineering"**. (Page 35, 1947 Transcript)

The word "engineering" as used in this section does not refer to steam operating engineers.

ARTICLE V – STANDING COMMITTEE

Payment of Representatives on Union Standing Committee. (Pages 109 - 110, 1950 Transcript)

- (i) The general principle to be followed is that no employee's normal earnings shall be reduced by virtue of his attendance at a Standing Committee meeting.
- (ii) Employees attending meetings called while they are on duty will be paid for the time in attendance providing a meeting does not extend past the end of a shift.

If it does extend past the end of the shift, no allowance is made for such additional time.

- (iii) Employees attending meetings during their time off will not be paid.
- (iv) Where it is necessary to relieve an employee attending a meeting, the relief man will be paid at straight time except for any time in excess of eight (8) hours in the day which will be paid for at time and one-half.

- (v) The time of the meeting shall be determined by mutual agreement.

ARTICLE VI – HOURS OF WORK

(a) Section 2: Overtime

It is hereby agreed by the Companies party to the B.C. Standard Labour Agreement that:

- (i) The hours worked on Sundays and on the recognized paid Statutory Holidays provided for in the above referred to B.C. Standard Labour Agreement will be used in the computation of the forty (40) hour work week.
- (ii) The foregoing arrangement applies only to Sunday and recognized paid Statutory Holiday hours and no other hours on which time and one-half has been paid, nor hours paid for Call Time, may be used for the purpose of calculating the forty (40) hour week.
- (iii) For the purpose of calculating overtime, the basic forty (40) hour work week shall be reduced by eight (8) hours in any week in which a recognized paid Statutory Holiday occurs. Should more than one (1) recognized paid Statutory Holiday occur in any week, the basic forty (40) hour work week shall that week be reduced by eight (8) hours for each such recognized paid Statutory Holiday. For example, in a week in which one recognized paid Statutory Holiday occurs, overtime will be paid for hours worked in excess of thirty-two (32). Should it happen that two (2) recognized paid Statutory Holidays occur in one (1) week, then overtime will be paid for hours worked in excess of twenty-four (24) that particular week.

The work week shall start at 8:00 a.m. (or at the regular hour of changing shifts nearest to 8:00 a.m.) Sunday.

Those pulp mills which are presently working on a forty-two (42) hour week schedule and which have not yet adopted the so-called "1946 Sunday Letter" shall only adopt the terms set out herein after the implementation of a forty (40) hour per week schedule. There shall be a three (3) months training period in which to prepare personnel necessary to effect the change from a forty-two (42) hour to a forty (40) hour per week schedule.

The foregoing is to be considered as supplementary to Article VI, Section 2 - Overtime, of the B.C. Standard Labour Agreement and supersedes all existing local agreements in respect of the computation of overtime for Sunday and Holiday work.

(b) **Section 2: Overtime, (1) Day Workers**

Clarification of Overtime to Day Workers. (Page 90, 1949 Transcript)

The employee's designated day off is Tuesday. He is given less than forty-eight (48) hours notice that it is to be changed to Friday. He is then paid as follows:

Sunday	- 8 hours plus 4
Monday	- 8 hours
Tuesday	- 8 hours plus 4
Wednesday	- 8 hours
Thursday	- 8 hours
Friday	- off
Saturday	- 4 hours

If he is called back at 1 p.m. Saturday to work four (4) hours in the afternoon, is he entitled to time and one-half? The answer is "no" for the reason that the contract stipulates that overtime will only be paid on the one basis. In other words, we cannot pay overtime twice on the same time. However, in the letter of October 18, 1946, Powell River Company Limited and Pacific Mills Limited did agree to include Sunday time and designated holidays time in the forty-four (44) hour week (amended to forty (40) hours 1952-53), even though time and one-half had been paid on it. They did not agree to include any other time on which time and one-half had been paid and there is no intention of broadening it at this time. On this principle, therefore, in the case above, the hours the employee worked on Tuesday, his designated day off, are eliminated from inclusion in the forty-four (44) hour week (amended to 40 hours 1952-53).

(c) **Section 2: Overtime, (2) Tour Workers**

Clarification of Payment of Overtime to Tour Workers. (Page 270, 1948 Transcript)

Where a Tour Worker works an extra shift due to the absence of his mate who has given proper notice and the overtime worked by the Tour Worker extends into another day, he will still be paid at the rate of time and one-half.

Relief of Mates. (Page 328, 1950 Transcript)

The Company will do everything in its power to relieve men within twelve (12) hours when these men are working due to the absence of a mate.

Section 3: Days Off and Schedule of Shifts

- (a) **Scheduling of Days Off.** (Memorandum, 1953 Wage Conference)

The Manufacturers agree that the scheduling of days off shall be on a consecutive basis wherever practicable.

- (b) **Sunday Running**

At a meeting held in Vancouver, B.C., on June 15th, 1953, between the representatives of the Powell River Company Limited and those of Local 142 of the United Papermakers and Paperworkers, continuous operation of the paper machines was agreed upon in accordance with an understanding as set out in the Minutes of the said meeting.

Section 4: Starting and Stopping Work (b) Day Workers Clarification of "Starting". (Page 260, 1948 Transcript)

When a Day Worker is established on a job that is some distance from his shop he shall be on that job ready to begin work at the time his pay starts and shall not cease work in advance of the time his pay stops. If the worker's time clock is not located close to the route he must travel to his job, he may, at the discretion of the Company, report directly to the job without punching his time card and his foreman shall be responsible for having his time recorded.

ARTICLE IX – ALLOWANCE FOR FAILURE TO PROVIDE WORK

- (a) **Clarification of the Word "Accident".** (Page 60, 1945 Transcript)

The word "accident" as used in this section means a mishap occurring to an individual resulting in a shutdown. In other words, the occasion involves the human element as distinguished from the mechanical.

(b) **Clarification of "Employee's Regular Job".** (Page 61 et seq., 1945 Transcript)

In the application of this section it is considered that the allowance is due to an employee only in the case where he is reporting for his regular duties and then no work is provided. If the employee's regular duties consist of ship loading and bull gang work, he may be transferred from one regular assignment to another without penalty providing he obtains work on either job. However, while working on ships he will receive the ship rate and while working in the yard he will receive the bull gang rate. In the case of an employee, whose regular duties consist of one specified job, and who reports for work and finds no work available, if such employee then transfers to a job carrying a lower rate, at his election, he shall nevertheless receive the rate paid him on his regular job.

(c) **Clarification of "Breakdown".** (Page 258, 1948 Transcript)

A breakdown in one department which compels the closing down of one or more additional departments is a breakdown within the meaning of this section, providing the Company uses its discretion in handling the case and where there is no loss of time unjustly caused to an employee.

ARTICLE X – CALL TIME

(a) **Applicability of Section in Specific Instances.**
(Page 157, 1946 Transcript)

- (i) When a Day Worker whose shift is from 8:00 a.m. to 5:00 p.m. is told to go home at 12:00 noon and return at 4:00 p.m. for work, he will receive two (2) hours Call Time because the shift was designated at 12:00 noon.

(b) **Definition of "Regular Scheduled Shift".** (Page 65, 1949 Transcript)

A regular scheduled shift is the work defined for an employee by the Company.

(c) **Applicability of Section in Specific Instances.**
(Questions and answers - report of Call Time Committee, 1949 Transcript)

- (i) In Section 2(a) relating to the payment of Call Time to Tour Workers, the phrase "after he has completed his regular shift" shall be considered to mean at that point when his pay stops upon being relieved by a mate.
- (ii) A Day Worker is called in on his designated day off reporting for work at 8:00 a.m. and working until 10:00 a.m. for which he received four (4) hours pay as the minimum allowance for an employee who starts work. If notification had not been given during his last shift preceding the work involved, he would qualify for Call Time and would also qualify under the provisions of Section 3(a) wherein a minimum of four (4) hours pay will be paid for each call when work has actually commenced both to

Tour Workers and Day Workers.

In the above case the worker worked two (2) hours at the overtime rate plus a two (2) hour call which would entitle him to five (5) hours pay, thereby meeting the requirements of Section 3. It should be made clear that an employee under these circumstances will not receive four (4) hours minimum pay plus Call Time, if any, but that the four (4) hours minimum pay includes the Call Time payment.

- (iii) A Day Worker normally working the 8-5 or 8-4 shift is ordered to go home at 12:00 noon and report back for work at 4:00 p.m. or 12:00 p.m. The employee in question is entitled to Call Time since his designated shift terminated at 12:00 noon and more than two (2) hours elapsed between his designated shift and his return to work.

ARTICLE XVII – STATUTORY HOLIDAYS

- (a) **Work to be Performed.** (Page 238, 1948 Transcript)

Employees who are required to work on designated holidays are expected to perform regular maintenance and routine duties normally assigned to them.

- (b) **Clarification of What Repair Work May Be Done.**
(Page 240, 1948 Transcript)

In a case of an emergency involving the closing of the mill for a day or more and a loss of employment to a substantial number of men, employees are expected to perform repair work on holidays.

- (c) **Clarification of Section 4.** (Page 265, 1948

Transcript)

- (i) In the calculation of the forty-two (42) hour work week (amended to forty (40) hours 1952-53) the payment of holiday pay will not be used unless the employee actually worked.
 - (ii) It is understood that an employee's vacation shall be exclusive of a paid holiday as recognized by the B.C. Standard Labour Agreement. Therefore, if one or more such holidays fall within the employee's vacation period, he will be required to take the comparable number of additional days off. The employee shall only receive the pay for such recognized paid holidays falling within his vacation period when he takes the required additional time off.
 - (iii) Where an employee, after having agreed to do so, fails or refuses to work on a holiday, on account of sickness, or other bona-fide reason, the Company reserves the right to investigate the absence of the employee to decide whether or not he is entitled to holiday pay.
 - (iv) The sixty (60) day qualifying period referred to in Clause (a) refers to "calendar" days.
- (d) **Clarification of Section 4(c).** (Page 105, 1950 Transcript)

Employees absent on the "scheduled work day before and/or the scheduled work day after a recognized holiday" are excused from their regular scheduled shifts in instances of sickness, or of sickness in the family, and are, therefore, entitled to holiday pay. The question of the validity of the excuse of sickness can be determined by the Company in each mill in each case.

ARTICLE XXVIII – SAFETY AND OCCUPATIONAL HEALTH

Unsafe Working Conditions. (Page 136, 1947 Transcript)

It is not the policy of the Company to require an employee to work under unsafe conditions. It is admitted by the Union and the Company that it is impossible to draw a hard and fast line as to what is safe and unsafe. Being a factual question, each case must be decided on its merits, but in general an employee who justifiably refuses to work under unsafe conditions would not be subject to discipline.

ARTICLE XXX – DISCIPLINARY ACTION

(a) **Notification of Union Standing Committee by Employer.** (Page 70 et seq., and Page 126, 1945 Transcript)

Wherever practical, the Company will notify the Union Standing Committee of its intention to discharge an employee. Under certain well-recognized circumstances where no premeditation is involved, it is permissible for the Company to discharge an employee immediately without recourse to the Standing Committee. The employee still has the right to present his case to the Standing Committee for consideration and if deemed proper the Standing Committee may follow the usual grievance procedure.

ARTICLE XXXI – ADJUSTMENT OF COMPLAINTS

Standing Committee Can Call in Members for Discussions of Grievances with the Company. (Page 261, 1946 Transcript)

It is agreed that the Union Standing Committee may call in any other employee to accompany them in their meetings with Company officials.

Exhibit "A"

Clarification. (Memorandum No. 6, 1952 Wage Conference)

"An employee shall be considered as having been promoted to a higher rate job when he has taken over the duties and responsibilities of that job, without the guidance of the employee who is breaking him in. He shall then receive the higher rate. During the period the employee is being broken in and another employee is on the job and carrying the responsibility for it, the employee being broken in shall receive the hourly rate of his previous regular job."

(b) **Status of Employees Refusing to Work in Excess of 8 Hours Per Day or Scheduled Hours Per Week.**
(Page 91, 1949 Transcript)

If an employee is requested to work in excess of eight (8) hours in any one day or in excess of his scheduled work week hours in any one week, the employee has the right to come in

or not to come in and no penalty can be imposed by the employer for the failure of the employee to come in. It is understood, however, that the Companies are entitled to look for reasonable co-operation from their employees.

(c) **Conflict Between B.C. Standard Labour Agreement and Transcript.** (Pages 46-7, 1951 Transcript)

Whenever there is a conflict between the B.C. Standard Labour Agreement and the Transcript, the Agreement will prevail.

Suggestions with Respect to Bull Sessions

1. That a full and complete list of bull session items be submitted to each Company - at the mill - at least TWO (2) WEEKS prior to the commencement of the Joint Wage Conference.
2. That bull session items be completed PRIOR to the commencement of the Joint Wage Conference.
3. That every effort, however, be made by all concerned to ELIMINATE THE NEED for bull sessions.

Letter of Understanding – Re. Apprentices Living Out Allowances

On successful completion of the required period of vocational school training, the Company will reimburse out-of-town expenses to a maximum of two (2) hours per day at the first year apprentice rate on a seven (7) day basis while in attendance at school. This reimbursement will also apply to Steam Plant personnel.

It will be paid after the employee's return to work and when verification of vocational school attendance is received from the appropriate agency.

This letter was renewed by agreement between the Company and the Union for the term of the 2008 - 2012 Labour Agreement.

Letter of Understanding – Re: Rehiring

The following practice will be observed during the 2008-2012 contract.

"When hiring new employees, preference will be given to laid off former employees of the hiring mill in order of their previous mill seniority, providing:

- a) their recall rights under Section 3 of Article XXI - Seniority have expired;
- b) they have a current application on file;
- c) they have the qualifications and ability to perform the work properly.

Application must be made within thirty (30) days of the expiry of recall rights and will remain in effect for three (3) months unless renewed. An application or renewal may be extended for a period of three (3) months at any time during the third month of its currency. Normal job qualifications must be met.

A former employee will no longer have preference if he fails to accept an offered position. Those hired under this practice will be new employees."

Letter Of Intent – Re: Contracting Out

For the term of the renewed Labour Agreement, the Company will not send equipment out of the mill for repair which directly results in the layoff of tradesmen or apprentices.

Letter to the President – Re: Contracting Out Code of Ethics

This is to confirm the agreement between the Company and Communications, Energy, and Paperworkers' Union of Canada, Local 603 respecting the conditions that would apply to contractors coming onto the mill site to perform

construction work or perform maintenance and repair work of a nature normally performed by employees in the bargaining unit. This agreement will prevail for the duration of the Collective Agreement. In entering into this agreement, the Union acknowledges that, subject to Contracting Article XXV, the Company retains the right to select contractors as it deems appropriate.

No aspect of this policy applies to contractors which are certified to a Union recognized by the Local Union, it being clearly understood that a union's affiliation to the Canadian Labour Congress, the B.C. Federation of Labour or the Confederation of Canadian Unions warrants such recognition.

Any other contractor who comes onto the mill site to perform construction work or perform maintenance and repair work which is of a nature normally performed by employees in the bargaining unit shall abide by the following Code of Ethics. This Code defines the terms and conditions under which these contractors and their employees will be governed during the term of their contract.

1. **Minimum Wages**

The contractor's straight time hourly rate of pay for a journeyman will not be less than the straight time hourly rate for the equivalent mill journeyman. The contractor's straight time hourly rate of pay for all other employees shall not be less than the straight time hourly base rate for the mill.

2. **Contributions to the Pulp and Paper Industry Pension Plan**

Subject to the approval of the plan trustees and the appropriate regulatory authorities, the Company shall remit annually to the Pulp and Paper Industry Pension Plan the following:

- (a) For contractors performing maintenance and repair work of a nature normally performed by employees in the bargaining unit - the equivalent contributions.
- (b) For contractors performing construction work - one half the equivalent contributions.

3. Remittance to the Local Union

One percent (1%) of all wages earned calculated on the basis of straight time hours worked shall be remitted to the Local Union on a monthly basis.

4. Adherence to Safety Regulations

Contractors performing construction work are responsible for ensuring that their employees comply with the health and safety regulations and policies applicable to the work being performed. When the contractor's employees are performing maintenance and repair work which is of a nature normally performed by employees in the bargaining unit, the contractors and their employees shall adhere to the established health and safety regulations and policies in force at the mill site. Management commits to deal promptly with any violations brought to its attention by the Joint Health and Safety Committee.

5. Honouring of Picket Lines

Contractors' employees shall honour all legal picket lines at the mill site. Failure to do so shall result in disqualification from future access to the mill site for the term of the contract. A contractor will not be allowed on the mill site if it has a current demonstrated practice of crossing the legal picket lines.

The hourly contribution calculation to be provided to the Union and the Industry Pension Plan would be based on the contractors' blue collar work force (i.e. those who would normally be included in a bargaining unit for construction and maintenance/repair including trades, labourers, apprentices, etc.).

The company will honour the commitments made in this letter for the duration of the Collective Agreement and will ensure that a copy of this letter is provided to any contractor participating in the contract bidding process.

Letter of Understanding – Re: Flexibility And Contracting

This letter is amended as per Brian Foley's letter of June 4, 1999.

With respect to contracting of maintenance and repair work in the mill, the Company and the Union share the objective of utilizing properly implemented trades flexibility to reduce the current amount of contracting. The Company and the Union understand that, depending on the degree of success with the flexibility initiatives, not only would contracting be reduced, but, in fact, there could be increased manning to deal with the added maintenance and repair work performed by mill employees.

Letter of Understanding - Re: Flexible Work Practices

1. The introduction of flexible work practices is designed to improve productivity, improve product quality, reduce down time and lower costs while ensuring that the work is completed in a safe manner. The efficiencies that result from flexible work practices are also intended

to assist in fulfilling the intention of Article XXV of the Labour Agreement.

2. The parties agree that this letter on flexible work practices recognizes that the primary responsibility for the operation of the mill will remain with operators and the primary responsibility for maintaining the mill will remain with trades persons and Steam Plant maintenance employees.
3. It is understood that the intent of this letter will supersede local practices and verbal and written agreements which would impair the implementation of flexible work practices.
4. All work will be performed in a manner consistent with safety articles of the collective agreement as well as the Company's safety rules and the regulations issued by the Workers' Compensation Board of B.C. It is recognized that some tasks can only be performed by employees who possess certain government certifications and in that instance, the work will only be performed by employees who possess the required government certificate.
5. The intent of this agreement is to provide that all employees will safely utilize all of their existing skills and maximize their productivity and learn and use new skills to enhance their effectiveness.
6. The Company and the Unions will meet to discuss a module based training program that will enhance the existing skills of employees. They will also discuss the option of using trainers from the bargaining unit to assist in the

design and delivery of the training modules. The Company will design and introduce new training programs to facilitate the implementation of and evolution of flexible work practices.

7. All employees will be required to complete training programs as prescribed by the Company and utilize new skills acquired as a result of training. Training will be consistent for all employees in each job classification.
8. The parties recognize that the acquisition of new skills that facilitate the implementation of flexible work practices is an on-going process and will continue over time to support the changing needs of the business.

The following payments will be made for flexible work practices:

Maintenance employees - \$.95 per hour
Operations employees - \$.40 per hour

to be implemented as follows:

- Upon ratification of the collective agreement, \$.45 per hour for Maintenance employees and \$.20 for Operations employees.
- Immediate utilization of existing skills that may not have been previously used due to restrictive work practices.
- Employees assisting each other regardless of department or occupation.
- \$.0.25 per hour for Maintenance

employees and \$0.20 per hour for operators upon successful completion of each modular training program and utilization of skills acquired as a result of this training. There will be two training modules for Maintenance employees and one training module for Operations employees.

Apprentices will be paid the Maintenance premiums in the usual proportion.

The same delineation which defines who is an operator and who is a maintenance employee shall apply to the payment of premiums. Maintenance employees will include all journey persons and lubrication mechanics.

The parties agree that there will be no pyramiding of credits under the job evaluation plan for duties that are being compensated for under the flexible work practices agreement, unless the changes constitute new regular job duties added to their classification as defined by the job evaluation plan. These new regular job duties must result from either new or changed procedures/equipment or from the permanent reassignment of duties from another job classification.

Note: Effective April 30, 2003, all flexible work practice payments will be rolled into the wage rates.

9. Training programs implemented under point (6) are not intended to force qualification in another trade.
10. The Company agrees that no employees will lose their employment with the Company as a direct result of the implementation of flexibility initiatives under this letter. This provision applies to only those employees employed at the date of ratification of this agreement.
11. No trades persons or apprentices will be involuntarily displaced from their respective trade on a permanent basis as a result of the implementation of flexible work practices.
12. It is not intended that flexible work practices shall result in a trades person being assigned to a non trades classification when someone outside of his trade is performing his trade core duties.
13. The Company agrees that no employee's regular job rate will be reduced when he is assigned to perform work under this work place flexibility agreement. This does not apply to an employee who is laid off or whose job is temporarily curtailed and is recalled or works in a different job category on the basis of mill seniority.
14. The Company commits to maintain apprenticeship agreements.
15. For the term of the renewed Labour Agreement, the Company and the Union agree to establish and participate in a Joint Council

which will meet quarterly to discuss issues related to productivity, morale, profitability, work opportunities, market conditions, any alleged discrimination, the on-going effectiveness of flexible work practices and any other problems related to flexible work practices.

The Joint Council will be composed of:

Pulpmill General Manager
Four (4) additional Company Representatives
President of the CEP - Bill Hickey, Local 603
Four (4) additional Union Representatives
The CEP National Representative

The Company agrees to pay all reasonable expenses for the attendance of the Local Union President (or their delegate) and another member to attend the Joint Council meeting.

16. The parties agree that disputes relating to the implementation of this letter shall be reviewed by the Joint Council which will make every effort to resolve these disputes in accordance with the spirit and terms of this letter.

Letter of Understanding – Re: Commitment to Employment

Protecting and enhancing employment in the pulp and paper industry is a joint commitment of the Company and the Union. The Company and Union agree that stable employment must be based upon economically viable operations, a high level of labour productivity and quality production.

To this end, the parties will continue to discuss means to preserve and enhance employment during the term of the Agreement.

1. The Company and the Union will establish a joint committee on employment opportunities. The joint committee will be made up of Local Union representatives, Mill Management representatives, representatives of the CEP National office and Company representatives.
2. The joint committee will examine ways to enhance employment opportunities through new work arrangements, including reduced overtime and working time alternatives. The Company agrees to provide the joint committee with relevant information to ensure an informed discussion of the issues.
3. The joint committee will make recommendations to the parties on enhanced employment opportunities.

Letter of Understanding - Re: Job Security

In the event that downsizing occurs under the Job Security and Job Elimination articles of the Labour Agreement, the Company undertakes to discuss the application of the severance pay provisions with the Union.

Letter of Understanding – Re: Trades Qualifications

CEP and Canfor Pulp Limited Partnership both clearly recognize the critical nature of apprenticeship training and certified trades qualifications mechanisms. It is no secret that British Columbia is facing skills shortage and the pulp and paper industry is not exempt from this impending crisis.

The parties agree to work cooperatively on the issues of workplace and trades training. The Union and the Company agree that closer cooperation will help protect them against any changes that could negatively impact the skills levels and portability of trades persons in B.C.

The parties agree to the establishment of a committee comprised of management representatives of Canfor Pulp Limited Partnership and appropriate representatives of CEP to develop a strategy of maintaining the principles of certified trades training for British Columbia and the opportunity for workers to participate in inter-provincial qualifications examinations.

The parties agree to approach other like-minded employers to extend an invitation to join in the efforts of the committee as outlined above. The parties also agree that all recommendations from this committee will be communicated collectively to the provincial government.

The committee will be established within one month from the signing of this agreement.

Letter of Understanding – Re: Definition of “Day” and Official Starting and Stopping Times

It was agreed that “with the implementation of the Ten Hour Shift Agreement the definition of a day shall be consistent for all employees in the mill”. This has the effect of moving the start of the day and regular hour of changing shifts to 7:00 am for all hourly employees at the Northwood Pulp Operation unless otherwise agreed between the Company and the Local.

The Ten Hour Shift Agreement for dayshift workers will commence on August 18th 2003 at which time the 7:00 am start for all hourly employees will become effective.

Letter of Understanding – Re: Permanent Steam Plant “Move-ups”

It is agreed that permanent "move-ups" within the steam plant line of progression will be made on the "senior qualified employee" basis rather than the previous practice of moving the employee who has held a qualifying ticket for the longest period of time.

This agreement does not apply to either permanent salaried supervisory positions or to normal relieving by crew practices.

Letter of Understanding – Re: Hiring of Vacation Relief Personnel

This letter has been negotiated as a benefit to the current work force.

It is mutually agreed that the following principles will be applied in hiring Vacation Relief personnel. Selection will be based on availability from school and in the following general order:

(a) University, technical or vocational students

(b) High school students

Students who have been hired, as vacation relief for four (4) summer periods will be ineligible for re-hire until all other eligible students have been placed.

Vacation relief will be hired as required by the Company after consultation with the Standing Committee in order that the vacation entitlement of hourly crews can be scheduled as far as possible within the prime period - May 1st to September 30th.

At the time of hire, students will be required to commit to the full term of their school break with the exception of a two week period. Failure to fulfill the commitment will result in ineligibility for rehire in the subsequent year.

Seniority rights as outlined in Article XXI shall not apply to Vacation relief personnel.

In the event that particular circumstances warrant that a student cannot return to school, he may be considered for a permanent job posting upon written request and fully discussing his reasons with the Human Resources Manager and Local Union President. In the event that a vacation relief is retained for such permanent opening, his seniority will be dated from the day of permanent employment.

Vacation relief personnel will be advised that they will be terminated on or before September 30th, unless particular circumstances warrant review and their hiring documentation will reflect the above conditions.

Letter of Understanding – Re: Freezing Agreement

It is recognized by both parties that freezing is not generally advantageous to either the employee or to the proper administration of a department and, therefore, should be discouraged.

However, we must recognize the necessity of such action and the individual needs of the employee.

The following points will govern the process of freezing which has been in existence prior to this agreement and for future requests which may be approved.

EMPLOYEES PRESENTLY FROZEN: An employee who has been allowed to freeze in the past, for no reason other than >>> personal preference, should be encouraged to unfreeze.

REQUEST TO FREEZE: An employee who wants to freeze, must sign a written request and fully discuss the complexities of such action with the supervisor, the Local Union President and a member of the Human Resources Department.

RESTRICTED NUMBER: Excluding the present status of the Materials Handling Crew, not more than one employee per job classification or, in any event, no more than one employee per crew will be permitted to freeze at any one time.

Extraordinary circumstances, which appear to warrant exceptions to these restrictions, will be referred to the Mill Manager.

DURATION OF FREEZE: A freeze will remain in effect until an employee has been by-passed by two other employees, or a period of six (6) months has elapsed. In either event the employee must submit a written request to unfreeze. When an employee has been by-passed by two employees for permanent vacancies, the department supervisor will advise the employee accordingly.

SHIFT RELIEVING: An employee who chooses to freeze will not set up to a higher paid job on the crew for shift relieving purposes.

BY- PASSING OF A POSITION NOT ALLOWED: No employee will be allowed to by-pass a position within a line-of-progression.

JOB SENIORITY: An employee who by-passes an employee who chooses to freeze will retain job seniority ahead of this employee. If a crew reduction occurs, the employee who by-passed another employee will come down the line-of-progression in the same manner as he/she went around the employee who chose to freeze initially.

Twelve (12) Hour Shift Schedule Agreement

Section 1: General

For the purpose of a Twelve (12) Hour Shift Schedule, the parties hereby agree to the following terms and conditions:

The implementation and continuation of the Tour Worker twelve (12) hour shift schedule and the Day Worker twelve (12) hour shift schedule will be on a departmental basis on the conditions that there will be no extra costs to the Company and that efficiency of any department, or departments will not decrease. The Twelve (12) Hour Shift Schedule may be cancelled on a departmental basis by either party with thirty (30) days written notice.

With the exception of the Articles amended by this Twelve (12) Hour Shift Schedule Agreement, all other conditions of the Labour Agreement apply.

The terms of this Agreement will be reviewed after each negotiated contract to include applicable contract revisions.

Section 2: Definitions

The word Day means a period of twenty-four (24) hours beginning at 7:00 am. The word Week means a period of seven (7) calendar days beginning at 7:00 am, Sunday.

Tour Worker twelve (12) hour shift times will be 7:00 am to 7:00 pm and 7:00 pm to 7:00 am.

Day Worker twelve (12) hour shift times will be 7:00 am to 7:00 pm with four (4) days on and four (4) days off.

Section 3: Relief

It is clearly understood by both parties that replacements must be available for relief purposes.

- (a) Tour Worker replacements will normally come from employees on their scheduled days off or by re-assigning employees from day worker to tour worker status.
- (b) Day Worker replacements will normally come from employees on their scheduled days off or by re-assignments.

Guidelines for relief coverage and call out procedures will be developed on a departmental basis. Department supervision will consult with employee representatives to provide an opportunity for their input before implementing or revising departmental guidelines.

Section 4: Overtime

Overtime will not be paid if incurred as a result of implementing or discontinuing the twelve (12) hour shift schedule. Employees entering or leaving the schedule, such as for relief purposes, will not be paid overtime for the ninth (9th) to twelfth (12th) hour inclusive, when scheduled in advance. Employees reporting for a regular eight (8) hour shift, and required to enter a twelve (12) hour shift schedule will be paid overtime for the ninth (9th) to twelfth (12th) hour, inclusive of that shift.

Overtime at the rate of time and one-half will be paid for all work in excess of twelve (12) hours in any one day or for work in excess of forty (40) hours average in a week except:

- (i) When such work in excess of twelve (12) hours is caused by the change of shift.
- (ii) Overtime work by special arrangement between a worker and his mate to exchange shifts with the approval of his supervisor and when this can be accomplished without additional cost or penalty to the Company.

The following arrangements will be applied in order to average forty (40) hours per week under the Twelve (12) Hour Shift Schedule agreement.

Letter of Agreement Re: Labour Pool Provisions

The Labour Pool is established specifically for the purpose of providing incidental relief to all departments and to hold employees for a time following cut-back until other openings occur. It is recognized that this Pool will not handle large crew reductions.

Lay-offs of this nature will be discussed with the Union in line with the Contract provisions.

The Labour Pool will not interfere with the present composition of the Materials Handling Crew proper which has an established crew complement, but will be a separate

Labour Pool which will fluctuate depending on crew cut-back and Company requirements.

It is anticipated that the normal crew turnover will absorb the men in the Pool, but if at any time this crew is to be cut back, it will be on the basis of plant-wide seniority within that specific group. Such action will be discussed with the Local Union.

When an employee's entry into the Pool is the result of a crew reduction, he will retain his former departmental seniority. It being understood that he must accept the first opening available to him within his previous department. Where there is more than one promotional ladder in a department, an employee's departmental seniority means the seniority he possesses in the particular promotional ladder he was on.

Labour Pool employees who are assigned to temporary duties in another department, will remain on the strength of the Labour Pool.

Openings of a permanent nature which occur within another department may be applied for by members of the Labour Pool. In an instance where such openings are not filled on a voluntary basis, a member of the Pool may be assigned. In this instance the man involved would retain the option of exercising his former departmental seniority on the basis mentioned above.

Letter of Understanding – Re: Scrap

The disposal of scrap material from the Pulp Operations that is of no further use to Canfor - Northwood Pulpmill will be administered within these guidelines.

The intent of the scrap guideline is to allow employees first choice to acquire scrap material designated for employee use.

An area of the scrap yard will be designated for employee scrap.

To ensure an adequate supply for the employee designated scrap area, the designated scrap and salvage employee will separate scrap suitable for employee use before it is offered to scrap dealers.

GENERAL

- Materials are for the personal use of employees.
- Both hourly and salaries pulpmill employees as well as retirees are eligible to participate in this program.
- The scrap yard needs to be maintained in a condition, which meets all environmental, and safety requirements.
- Goods are sold as scrap on an as-is / where-is basis. The purchaser is responsible to have any material checked by a qualified person prior to use.
- The Stores Operations Supervisor or designate is required to sign Removal Permits for all material being removed by these guidelines.
- If there is any dispute about an item being of no value, it will be included in the draw system.
- All material remains the property of Canfor - Northwood Pulpmill until a disposal transaction is complete.

- The employee scrap area will be open on a regular weekly basis to allow reasonable access to all employees (major shutdown periods excluded).
- Unwanted items remaining in the designated area will be removed from the yard and disposed of by the company.
- To allow for minimal pricing of scrap, it is necessary to reduce administrative costs. Cooperation in paying by cheque whenever possible will assist in cost reduction.
- If an item is not removed from the mill within 10 days, the successful employee will lose all rights to the item and the item will be reposted. Extensions can be arranged through the Stores Operations Supervisor or the Scrap and Salvage employee.
- At the request of the Company or the Union, a Committee consisting of the Stores Operations Supervisor, Maintenance Services Superintendent and up to 3 members of Local 603 will be formed to resolve issues arising from these guidelines. Because “reasonable” is a subjective term, a table of items and the desired availability of each item will be developed and modified as required. The Stores Operations Supervisor and the Scrap and Salvage employee will manage this table.
- There would be no charge for scrap valued below \$10.00 based on the weight and unit price.
- Scrap prices will be set quarterly based on the value being received by the current mill scrap dealer.

DRAW SYSTEM

All other items such as ladders, cabinets, etc. will be disposed using the draw system.

BID SYSTEM

- Employees, who wish to obtain an item, must submit a bid.

Letter of Understanding – Re: Notification of Contracting

The Company and the Union re-emphasize their joint commitment to minimize the use of contractors, both inside and out of the mill and they are both committed to utilizing the Contracting Out Committee and the Quarterly Review Committee meetings for this purpose.

The Letter of Understanding is without prejudice to the respective positions of the Company and the Union concerning contracting outside the mill.

When work is contracted out by the Company in what it believes to be an emergency situation, the Company will verbally advise the Union of the nature of the emergency and the work involved in the following order of contact: Co-chair of the Contracting Out Committee, the Local President, 1st Vice President, 2nd Vice President or the Recording Secretary. Subsequently, written advice concerning the emergency and what was involved will be provided to the Contracting Out Committee.

When a contractor comes on the mill site and performs work not normally performed by the bargaining unit **and** proper

notice was not given to the Union pursuant to Article XXV, the Company will pay the Union compensation of \$500.00. When a contractor comes on the mill site and performs work normally performed by the bargaining unit **and** proper notice was not given to the Union pursuant to Article XXV, the Company will pay the Union compensation of \$1,000.00.

If a contractor comes on the mill site **after** proper notice was given and the matter discussed by the Contracting Out Committee **and** if there is an allegation that the contractor performed bargaining unit work outside of the arrangement understood by the Contracting Out Committee, any disagreement between the Company and the Union as to how to address the matter will be referred to Brian Foley for an expedited binding decision.

Any disagreements with the application or interpretation of the Letter of Understanding will be subject to expedited arbitration by Brian Foley. Furthermore, if one party claims that the other party is abusing this agreement, Brian Foley will deal with the matter.
